00 177

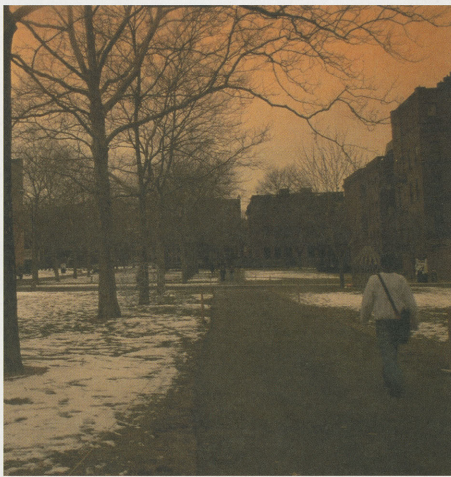

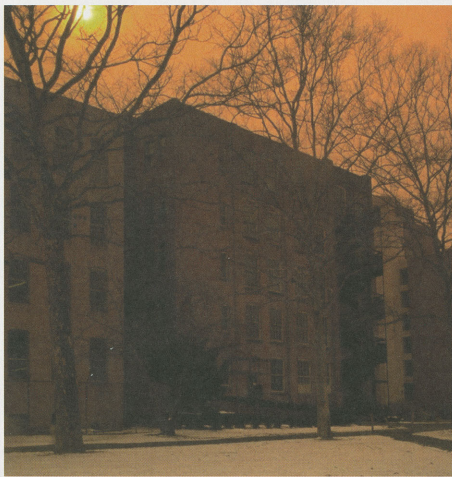

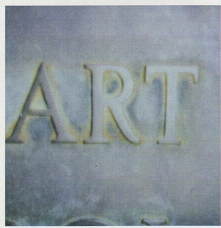

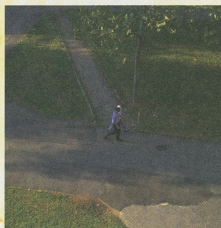

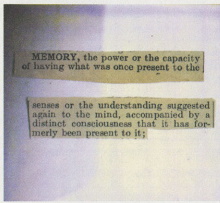

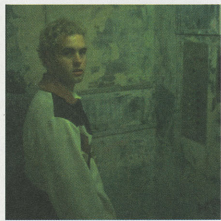

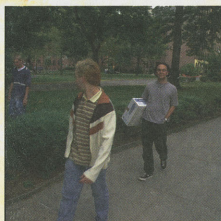

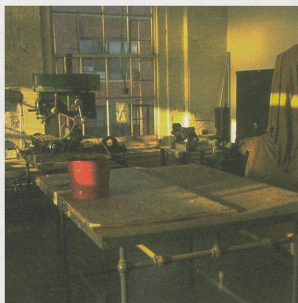

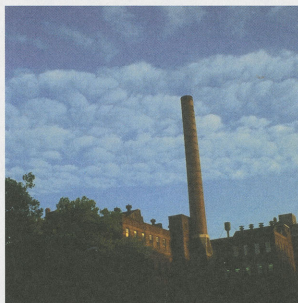

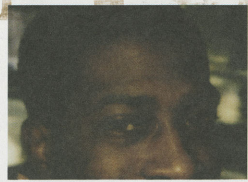

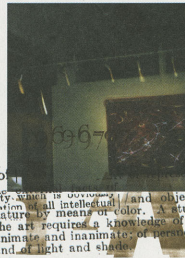

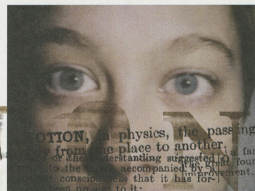

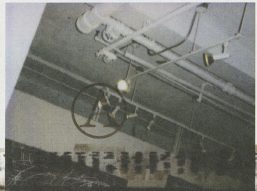

OTION, a physics, the passing of  
 from one place to another.  
 of the understanding suggested in found  
 to the world accompanied by movement  
 of the conscious that it has for-  
 of the past to it;  
 (see the family)

a faculty which is governing and objects in  
 of all intellectual nature by means of color. A study of  
 the art requires a knowledge of form,  
 animate and inanimate of perspective:  
 and of light and shadow
